American Dental Education Association
Proceedings of the 2012 ADEA House of Delegates

Nine resolutions were introduced in the 2012 ADEA House of Delegates. The House acted on Resolutions 1H-2012 through 4H-2012 at its Opening Session on Saturday, March 17, 2012, from 4:00 to 5:00 p.m. The House acted on Resolutions 5H-2012 through 9H-2012 at its Closing Session on Wednesday, March 21, 2012, from noon to 1:00 p.m. Both sessions were held at the Hilton Orlando Bonnet Creek, Orlando, Florida. The resolutions were sequenced as follows:

**Resolutions Acted on at the Opening Session**
1H-2012 ADA Council on Dental Education and Licensure Member
2H-2012 Commission on Dental Accreditation Commissioners
3H-2012 Joint Commission on National Dental Examinations Member
4H-2012 Appreciations

**Resolutions Acted on at the Closing Session**
5H-2012 ADEA Council of Deans Women’s Health Resolution
6H-2012 Change in Titles of Members of the Board of Directors and Executive Director
7H-2012 Approval of the ADEA Fiscal Year 2013 Budget
8H-2012 Provisional Membership of the A.T. Still University, Missouri School of Dentistry and Oral Health
9H-2012 Provisional Membership of the University of Utah School of Dentistry

**Actions at the Opening Session of the ADEA House of Delegates**

**Election of ADEA President-Elect**

The nomination process was as follows:

- The Board of Directors placed several calls for nomination in the *Bulletin of Dental Education Online* and *Journal of Dental Education*.
- All members were invited to nominate as many individuals as they wished, including themselves.
- The Council Administrative Boards were also invited to nominate candidates; however, the boards were not informed of the identity of the other candidates. In order to maintain confidentiality, only the Nominating Committee and the ADEA Executive Director knew the identity of all nominees.
- The deadline for submitting nominations was November 1, 2011.
- The Nominating Committee voted to select the candidate(s) to stand for election.

On the recommendation of the Nominating Committee, the Board of Directors presented one candidate for 2012–13 ADEA President-Elect. (The office leads in successive years to the offices of President and Immediate Past President.) The candidate was Dr. Stephen K. Young, Dean and David Ross Boyd Professor, University of Oklahoma College of Dentistry.

The House elected Dr. Stephen K. Young as the 2012–13 ADEA President-Elect by acclamation.

**Resolution 1H-2012**

**ADA Council on Dental Education and Licensure Member**

The current ADEA members of the American Dental Association (ADA) Council on Dental Education and Licensure (CDEL) and their termination dates (in the fall of the years shown) are as follows:

- Dr. Patrick M. Lloyd, The Ohio State University (2012)
- Dr. Tariq Javed, Medical University of South Carolina (2013)
- Dr. Teresa A. Dolan, University of Florida (2014)
- Dr. Ann M. Boyle, Southern Illinois University (2015)
Dr. Lloyd will complete his term on CDEL this fall at the 2012 ADA Annual Session. Thus, the 2012 ADEA House of Delegates had to appoint a new CDEL member. To replace Dr. Lloyd, the ADEA Board of Directors recommended that the House appoint Dr. Cecile A. Feldman, University of Medicine and Dentistry of New Jersey, to a four-year term to expire 2016.

The House adopted the following resolution:

1H-2012 Resolved, that the ADEA House of Delegates appoint Dr. Cecile A. Feldman to a four-year term on the ADA Council on Dental Education and Licensure with the term to begin at the conclusion of the 2012 ADA Annual Session and end at the conclusion of the 2016 ADA Annual Session.

The current ADEA representatives to the Commission on Dental Accreditation (CODA) and their termination dates (in the fall of the years shown) are as follows:

- Dr. Richard N. Buchanan, Roseman University of Health Sciences (2012)
- Dr. Yilda Rivera-Nazario, University of Puerto Rico (2013)
- Dr. John N. Williams, Indiana University (2014)
- Dr. William W. Dodge, University of Texas Health Science Center at San Antonio (2015)

Dr. Buchanan will complete his term on CODA this fall at the 2012 ADA Annual Session. Thus, the 2012 ADEA House had to elect a new Commission member. Dr. Buchanan on the Commission, the ADEA Board of Directors recommended that the House elect Dr. Karen P. West, University of Nevada, Las Vegas, to a four-year term to expire in 2016.

In addition to Dr. West’s nomination, the ADEA Board of Directors also recommended that Dr. Denise K. Kassebaum, University of Colorado, be elected for a four-year term beginning in 2013 and ending in 2017. The reason for this early election is due to CODA’s new training requirements and the need to identify new commissioners early.

This resolution was handled in a two-step process. Resolution 2HA-2012 considered the election of Dr. West, and Resolution 2HB-2012 considered the election of Dr. Kassebaum.

The House adopted the following resolutions:

2HA-2012 Resolved, that the ADEA House of Delegates elect Dr. Karen P. West to a four-year term on the Commission on Dental Accreditation with the term to begin at the conclusion of the 2012 ADA Annual Session and end at the conclusion of the 2016 ADA Annual Session.

2HB-2012 Resolved, that the ADEA House of Delegates elect Dr. Denise K. Kassebaum to a four-year term on the Commission on Dental Accreditation with the term to begin at the conclusion of the 2013 ADA Annual Session and end at the conclusion of the 2017 ADA Annual Session.

The Joint Commission on National Dental Examinations (JCNDE) consists of three representatives each from the ADA and ADEA, six from the American Association of Dental Boards, and one each from the American Dental Hygienists’ Association, the American Student Dental Association, and the public sector. The JCNDE members appointed by the ADEA House of Delegates and their termination dates (in the fall of the years shown) are:

- Dr. B. Ellen Byrne, Virginia Commonwealth University (2012)
- Dr. Birgit J. Glass, University of Texas Health Science Center at San Antonio (2013)
- No JCNDE Member was elected for 2010 (2014 termination date) due to rotation of members
- Dr. Connie L. Drisko, Georgia Health Sciences University (2015)

Dr. Byrne will complete her term on the JCNDE this fall at the 2012 ADA Annual Session. To represent ADEA, the Board of Directors recommended that Dr. Marc Levitan, Medical University of South Carolina, be appointed for a four-year term beginning in 2012 and ending in 2016.

The House adopted the following resolution:

3H-2012 Resolved, that the ADEA House of Delegates appoint Dr. Marc Levitan to a four-year term on the Joint Commission on National Dental Examinations with
the term to begin at the conclusion of the 2012 ADA Annual Session and end at the conclusion of the 2016 ADA Annual Session.

Three major factors have supported the promotion of oral health in women in the United States: 1) Congressional legislation in 1993 requesting the National Institutes of Health (NIH) Office of Research on Women’s Health to determine the extent to which women’s health issues are addressed in medical curricula; 2) NIH research policy regarding the inclusion of women and minorities as subjects in clinical research, which became effective in 1994; and 3) a 2001 report from the Institute of Medicine titled Exploring the Biological Contributions to Human Health: Does Sex Matter? These three factors led to the following initiatives: publication of The Evolution of Women’s Oral Health: Dental Clinics of North America (2001); increased research and research documentation in 2000 and 2005; knowledge transfer with the development of the ADEA Women’s Health Information Network (WHIN) in 2005; and the ADEA Center for Equity and Diversity’s collaborative activities with the nineteen HHS National Centers of Excellence in Women’s Health, all of which had dental components.

The ADEA Policy Statement: Recommendations and Guidelines for Academic Dental Institutions, I. Education, Section D (Faculty Recruitment and Retention), paragraph 4 (Gender and Minority Representation) includes this sentence: “Appropriate gender equity should be a goal of any faculty recruitment, retention, and promotion plan.” In addition, competency 6.1 of the ADEA Competencies for the New General Dentist states that “Graduates must be competent to: Manage . . . the unique needs of women. . . .” The ADEA Center for Equity and Diversity’s Strategies for Women include efforts to support the advancement of women in dental education that include but are not limited to Women’s Liaison Officers, International Women’s Leadership Conferences, the Women’s Health Information Network, and the Women’s Affairs Advisory Committee.
In consideration of the expanded concepts of women’s health, such as encompassing the life span and reaching beyond the reproductive system to include health and normal development and aging, as well as studying diseases and conditions that may be unique to women as well as those that affect both men and women, the ADEA Council of Deans proposed two additions to the ADEA Policy Statement: Recommendations and Guidelines for Academic Dental Institutions.

The House adopted the following amended resolution, which incorporated an additional amendment proposed by the ADEA Council of Sections, Residents, and Fellows on the floor of the Closing Session of the House of Delegates:

5H-2012 Resolved, that the ADEA House of Delegates approves an addition to ADEA Policy Statement: Recommendations and Guidelines for Academic Dental Institutions, I. Education, Section C. Curriculum: Curriculum Content, (new) 13, which states:

Curriculum Content
All dental education institutions and programs should:
13. Women’s Health. Recognize women’s health and gender differences as an emerging science that is broader than reproductive health and includes the health of women and girls across the life span, as well as encompassing scientific concepts of gender differences from the molecular (cellular) to community levels with their clinical implications.

and an addition to ADEA Policy Statement: Recommendations and Guidelines for Academic Dental Institutions, Chapter II. Research, (new) G, which states:

G. Forms of Research. Academic dental institutions should be encouraged to engage in innovative, collaborative, interdisciplinary, and interprofessional research including biomedical, social, and clinical research that contributes to the knowledge base and understanding of health issues that ultimately benefit both men and women, keeping in mind that women’s health should be an integral part of the dental curriculum.

Resolution 6H-2012
Change in Titles of Members of the Board of Directors and Executive Director

The Board of Directors proposed title changes for members of the Board of Directors and the Executive Director. In 2000, the House of Delegates approved changing the name of the Association’s governing body from “Executive Council” to “Board of Directors,” but the title of the members of the Board of Directors elected by the Councils remained “Vice President”—a title seldom used for members of governing bodies in associations like ADEA. The proposed changes allow ADEA to have parity with other higher education and health professions associations in Washington, DC, in which the chief elected officer is typically “Chair” and the chief appointed officer is “President.” Further, since the ADEA Bylaws, Chapter XIII, Section D, Duties (1), state that the Executive Director is “To serve as the principal spokesperson for the Association, along with the president, in dealing with the profession and the public,” changing the Executive Director’s title to “President” will indicate the chief appointed officer’s role not only as chief executive officer of the Association but as principal spokesperson for the Association along with the chief elected officer.

With this proposed change in titles, the chief elected officer would become the Chair, the chief appointed officer would become the President, and the titles of the other members of the Board of Directors would become as follows:

<table>
<thead>
<tr>
<th>Current Titles: Board of Directors</th>
<th>Proposed New Titles: Board of Directors</th>
</tr>
</thead>
<tbody>
<tr>
<td>President</td>
<td>Chair of the Board</td>
</tr>
<tr>
<td>President-elect</td>
<td>Chair-elect of the Board</td>
</tr>
<tr>
<td>Immediate Past President</td>
<td>Immediate Past Chair of the Board</td>
</tr>
<tr>
<td>Vice President for (name of Council)</td>
<td>Board Director for (name of Council)</td>
</tr>
<tr>
<td>Executive Director</td>
<td>President</td>
</tr>
</tbody>
</table>

In the Reference Committee discussion of the resolution, the ADEA Council of Faculties and the ADEA Council of Deans recommended that the title of the chief appointed officer be amended to become “President and CEO.”
The House adopted the following resolution, as amended:

6H-2012 Resolved, that the titles of the members of the Board of Directors and Executive Director are changed to reflect the new titles shown below and that those changes be made throughout the ADEA Bylaws to begin at the end of the ADEA Annual Session & Exhibition in 2013.

Chief Elected Officer: Chair of the Board
Incoming Chief Chair-elect of the Board
Immediate Past Chief Immediate Past Chair of the Board
Elected Officer: Board Director for (name of Council)
Board Members
Elected by Councils:
Chief Appointed Officer: President and CEO

Resolution 7H-2012
Approval of the ADEA Fiscal Year 2013 Budget

In addition to the following overview, exhibits were presented showing revenue and expenses for fiscal years 2009 through 2012 (those exhibits appear in these proceedings as Exhibit 4). The ADEA fiscal year runs from July 1 through June 30.

The House adopted the following resolution:

7H-2012 Resolved, that the ADEA House of Delegates approves the ADEA Fiscal Year 2013 (July 1, 2012, through June 30, 2013) operating budget.

OVERVIEW OF THE PROPOSED ADEA FISCAL YEAR 2013 BUDGET

Prepared for the ADEA Finance Committee and Board of Directors, January 18, 2012

The proposed FY 2013 (July 1, 2012–June 30, 2013) Association budget was developed over the last four months through a collaborative process involving staff, the Association’s outside accountants, the ADEA Finance Committee, and the ADEA Board of Directors. Based on these discussions among staff, accountants, and leadership, the proposed FY 2013 budget reflects the current level of programming and services with a focus on ADEA’s 2011–14 Strategic Directions as well as overall cost efficiencies. The contribution to reserves is estimated at $200,000. As much as possible, the budget projections are based on historical information from FY 2011 and FY 2012 (note that less than half of FY 2012 was complete when the proposed FY 2013 budget was prepared).

The information below includes the following comparative data:
- Actual revenue and expense for fiscal years 2009, 2010, and 2011
- The ADEA House of Delegates-approved budget for fiscal year 2012
- The staff-proposed budget for fiscal year 2013

REVENUE

The proposed total budgeted revenue for the Association in FY 2013 is $20,006,394. The proposed budget is balanced with total revenues equaling total expenses. This figure represents a 5.2% increase from the FY 2012 budget and a 1.1% decrease from actual FY 2011 revenue. The growth versus the prior year budget is primarily driven by an increase in projected application service revenues in all categories.

Membership Dues

Modest changes in total dollars by category are driven by changes in number of members based on staff estimates. There are no proposed changes to the Association’s dues in any membership category.

Active

Based on 61 U.S. dental schools and two ADEA House of Delegates-approved provisional dental schools at $25,522 each. There are no new provisional dental schools included in this proposed budget.

Affiliate

Budgeted affiliate dues are based on the current affiliate institutional membership and the continuing recruitment campaign. The proposed budget is based on 165 allied members at $945; 32 hospital-based members at $984; four advanced nonhospital members at $3,998; five federal members at $3,922; and 75 Leadership Institute Alumni Association members at $75. Also included in this budget are 10 Canadian schools at $1,815 each. Canadian dental schools are reported under this category by ADEA’s membership system.

Corporate

The proposed total budgeted dues revenue in this category is based on 60 corporate members at $3,400.
Individual
Proposed total budgeted dues revenue in this category is based on the current individual member count of 308 individual members at $125, as well as retiree dues of $62.50.

Student
A modest amount of student dues is budgeted for members not affiliated with an ADEA member institution who therefore pay for their memberships. Proposed total budgeted dues revenue in this category is based on 72 student members at $40.

Publications Revenue
The proposed total budgeted publications revenue for FY 2013 is lower than the FY 2012 budget revenue in this category by 5% or $37,611. The change is based on FY 2011 actual figures, which reflect advertising revenue in all media.

Journal of Dental Education and Bulletin of Dental Education Subscriptions Sales
The proposed JDE/BDE subscription sales budget of $226,966 is based on maintaining revenue consistent with FY 2011 actual revenue.

ADEA Official Guide to Dental Schools
Publication sales of $90,162 are based on actual FY 2011 revenue.

ADEA Directory of Institutional Members
Publication sales of $36,808 are based on actual FY 2011 revenue.

JDE Advertising
The proposed budget of $161,134 for FY 2013 represents 81% of FY 2011 actual results, based on current trends that favor advertising in other media over print advertising.

BDE Advertising
The proposed FY 2013 budget is $24,242, based on recent actual revenue and experience in FY 2011.

Other Publications/Advertising
Other publications such as ADEA's ExploreHealthCareers website, JDE reprints, pay per view, continuing education, webinars, and sales of ADEA branded items are budgeted at $170,118 for FY 2013. This is lower than actual FY 2011 due to a projected decrease in print advertising.

Application Fees
ADEA AADSAS and ADEA CAAPID
Projected revenue for ADEA AADSAS and ADEA CAAPID is $10,949,200.

Revenue for ADEA AADSAS, projected at $10,221,200, is based on 11,200 applicants, including the Fee Reduction Program budget of $150,000. Revenue is increased 7.9% from the FY 2012 budget. The proposed ADEA AADSAS budget includes a slight increase in the initial designation fee from $235 to $238 and an increase in the additional designation fee from $75 to $80. These increases support the transformation of the application service from a paper-based system to a web-based multidirectional portal that is comprehensive and user-friendly and provides the efficient delivery of applicant data to ADEA's end users (applicants, admissions officers, and health professions advisors). The Fee Reduction Program budget has been increased by $25,000 to a total of $150,000 for FY 2013; this program considers the needs of applicants with extreme financial constraints.

Projected revenue for ADEA CAAPID is $728,000. This figure is based on a projected 1,300 applicants selecting an average of four designations.

ADEA PASS
Projected revenue for ADEA PASS is $3,222,400 based on 3,800 applicants. The initial designation fee increased from $185 to $190 for the initial designation and from $65 to $70 for each additional designation. This secondary-fee increase is necessary to meet the current operational costs of this application service.

ADEA PASS also serves as the registration site for the Dental Match. ADEA PASS collects Dental Match fees, reserves $7 per registration to cover credit card and operational costs, and passes the remaining $73 per registrant to the National Matching Service. ADEA's net PASS-Match revenue is projected to be $21,000 based on an estimated 3,000 Match registrants at $7 per registrant.

ACLIENT User Fee
Income of $161,700 has been budgeted for FY 2013, which is a decrease of 2.6% compared to the FY 2012 budget. FY 2013 is based on actual levels in FY 2011 of 46 participating schools.
Grants & Contributions

Foundation Support
Budgeted support of $435,563 is based on anticipated continued support from the Robert Wood Johnson Foundation for the Association of American Medical Colleges/ADEA Summer Medical and Dental Education Program and a grant from the Department of Labor in collaboration with the American Association of Community Colleges to support the ADEA Explore Health Careers website.

Fellowships and Scholarships
This category is budgeted at $165,250 based on ADEA's portfolio of annual fellowships and scholarships.

Meetings Registration Income
Association meetings overall have been budgeted for FY 2013 based on the ADEA Board of Directors' goal of financial neutrality while taking into account specific subsidies as approved by the Board of Directors. The FY 2013 subsidy for Association meetings is less than $500,000.

ADEA Annual Session & Exhibition Fees
Registration and exhibitor fees for the 2013 ADEA Annual Session & Exhibition in Seattle, Washington, are budgeted at $973,400.

ADEA Deans' Conference Fees
Proposed budgeted revenues include a Deans' Conference Assessment of $750 that is paid by all U.S. and Canadian dental schools.

Sponsor Fees
Budgeted at $643,550, this figure includes sponsorship of the 2013 ADEA Annual Session & Exhibition in the amount of $69,550 and other conferences and programs in the amount of $574,000. These figures are based on prior year actual figures, commitments already made for FY 2012, and the current economic climate. ADEA will continue to seek additional sponsorships for FY 2013 meetings.

Other Conferences
ADEA will hold a number of meetings at the ADEA Fall Meetings in October 2012. The ADEA Fall Meetings concept came from a recommendation of the ADEA Board of Directors to promote more interaction among member groups, sections, and committees outside of the ADEA Annual Session & Exhibition. The 2012 set of meetings will include at least the following components and other groups as determined:
• ADEA Council of Faculties Interim Meeting
• ADEA Council of Students, Residents, and Fellows Interim Meeting
• ADEA Council of Sections Interim Meeting
• ADEA Meeting of Academic Deans
• ADEA Council of Hospitals and Advanced Education Programs
• ADEA AFASA Meeting

The total meeting registration revenue for the ADEA Fall 2012 Meetings, excluding the ADEA Deans’ Conference, is budgeted at $331,926.

Investment and Other Income
Investment income has been conservatively projected at $225,000 in FY 2013 based on the 12-month trailing and long-term (since 1926) annualized return of a basic 60%/40% asset allocation portfolio as approved by the ADEA Board of Directors.

EXPENSES
Total expenses recommended in the proposed FY 2013 budget are $20,006,394. This figure represents a 5% increase from the FY 2012 expense budget and an 8% increase from actual expenses for FY 2011.

Personnel Costs and Fees
Total Personnel Costs and Fees are projected at $10,108,235 in the proposed FY 2013 budget. This figure is a 12% increase from the FY 2012 budget and a 14% increase from FY 2011 actual personnel costs to accommodate potential changes created by ADEA's 2011–14 Strategic Directions.

Full-Time Salaries
A 4% pool is budgeted for salary adjustments in FY 2013. The salary adjustment pool is projected based on potential base salary increases and promotions.

Temporary Salaries
Expenses for temporary staff are budgeted at $63,600 based on projections for FY 2013.

Payroll Taxes and Other Benefits
Employee benefits are conservatively budgeted at 23% of salaries, assuming that all vacant positions will be filled and that employees filling these positions will be eligible for all benefits during FY 2013.
Legal Fees
Legal fees are based on historical experience and projections of required services in FY 2013 and recent actual expenses.

Consultants
Consultant expense is budgeted at $1,669,510 and includes expenses for consulting services, honoraria, and stipends. The proposed consultant budget includes services for outsourced accounting, human resources, and editorial and production services, as well as consultants for ADEA’s website initiatives. The proposed budget was decreased from FY 2011 actual expenses and the FY 2012 budget.

Travel
Travel expenses are consistent with the FY 2012 budget and based on the estimated number of people traveling and the number of ADEA meetings in FY 2013.

Other Costs
Bank and Credit Card Charges
The budget is $466,638 for credit card processing fees for FY 2013. The projection is based on projected credit card revenue for FY 2012.

Developmental Programming and Data Processing
The combined budget for both categories is approximately $3.4M compared to $3.3M in the FY 2012 budget. The 5% combined increase is driven by the outsourcing of additional services to Liaison International and includes the expense for additional enhancements to the ADEA application services.

Resolutions 8H-2012 and 9H-2012 were presented to the ADEA House of Delegates during the Opening Session of the House in accordance with ADEA Bylaws Chapter IV: House of Delegates, Section M. Presentation of Resolutions.

Resolution 8H-2012
Provisional Membership of the A.T. Still University, Missouri School of Dentistry and Oral Health

The ADEA Bylaws provide that a developing dental school planning to grant a D.D.S. or D.M.D. degree as part of an accredited college or university in the United States, Puerto Rico, or Canada is eligible to apply for Provisional Membership. Applications for Active and Provisional Membership are to be presented in writing at least 60 days before an Annual Session. An institution is elected to membership by a majority affirmative vote of the House of Delegates. Membership becomes effective on July 1 following House approval.

The A.T. Still University, Missouri School of Dentistry and Oral Health has made a timely application for ADEA Provisional Membership in writing and does meet the criteria for Provisional Membership. Its first dental school class is expected to begin in the fall of 2013.

The House adopted the following resolution:

8H-2012 Resolved, that the ADEA House of Delegates accepts the A.T. Still University, Missouri School of Dentistry and Oral Health’s application for Provisional Membership in ADEA.

Resolution 9H-2012
Provisional Membership of the University of Utah School of Dentistry

The ADEA Bylaws provide that a developing dental school planning to grant a D.D.S. or D.M.D. degree as part of an accredited college or university in the United States, Puerto Rico, or Canada is eligible to apply for Provisional Membership. Applications for Active and Provisional Membership are to be presented in writing at least 60 days before an Annual Session. An institution is elected to membership by a majority affirmative vote of the House of Delegates. Membership becomes effective on July 1 following House approval.

The University of Utah School of Dentistry has made a timely application for ADEA Provisional Membership in writing and does meet the criteria for Provisional Membership. Its first dental school class is expected to begin in the fall of 2013.

The House adopted the following resolution:

9H-2012 Resolved, that the ADEA House of Delegates accepts the University of Utah School of Dentistry’s application for Provisional Membership in ADEA.
