Introduction to the 2012-13 ADEA Annual Proceedings

This Proceedings issue of the Journal of Dental Education reports activities of the American Dental Education Association (ADEA) from after the conclusion of the 2012 ADEA Annual Session & Exhibition (March 21, 2012) to the end of the 2013 ADEA Annual Session & Exhibition (March 19, 2013).

Note that the new titles for the Association’s officers went into effect at the end of the 2013 Annual Session & Exhibition (March 19, 2013), so the now-former titles are used in most parts of these proceedings. The updated bylaws in the Foundational Documents section, however, do include the new titles because these bylaws are the official document going forward.

The annual Proceedings are the official record of the Association’s activities and serve as a reference for ADEA members and others interested in allied, predoctoral, and postdoctoral dental education. These Proceedings consist of the following:
